

Andy Griggs, -No Name-

Way before I was born
The lord had thought of me
Before I knew about Heartaches
My whole life he could see
Before I knew about Him
He called me by my name
And he did all of that
For someone like me

I used to think I was somebody
When I played this old guitar
But he filled me with his sweet love
And in his eyes now im a star
Yet he loved me for whats inside
And thats the way he'll always be
Yeah and he did all of that
For someone Like Me

Well I dont really know
If I could die for someone
But I know I couldnt stand there
And watch those people kill my son
So maybe Lord had took some time
And now I finally see
That you did all of that
For someone like me

Yeah you did all of that
For someone just like oh just like yeah just like me
