

Andy Williams, Holly

Golden sun is rising in the sky
Emerald birds glide through a rainbow as they fly
Bringing beauty Holly enters my mind.

Where the crystal ocean finds the shore
Diamond waves reflect the love we shared before
Through the silence Holly enters my mind.

All alone as I walk by the sea
Thoughts of Holly are my company
For she calls to me with each shining ray
With each seasons change
With the sun and the sea and the sky she remains.

Though the world must take her far away
On a velvet wind she comes to me each day
When Im lonely Holly enters my mind
When Im lonely Holly enters my mind
