Angel Berg  
Miscellaneous  
Only One  
Ooooh

I can remember when I first saw you  
It seemed like a never-ending dream come true  
I didn't think it would take this many tries  
With so many secrets  
But never any lies

And I know now that I don't have to wait  
And I know now that I can't seal my fate

(Chorus:)  
You're the dream I dream  
You're the one I need  
No matter where life take us to  
It has to be with you  
Every night and day  
I think of you in every way  
And just when I thought life was done  
I knew you're the only one

When everything's changing you always stay the same  
I wish you would listen when I called your name  
'Cause everything I know is from deep in my heart  
So can we do it over  
And begin from the start

And I know now that I don't have to wait  
And I know now that I can't seal my fate

(Chorus)

You're the dream I dream  
You're the one I need  
No one can stop us now  
No one can defeat  
Every night and day  
I think of you in every way  
You're the only one

You're the only one

(Chorus2x)

You're the dream I dream  
You're the one I need  
You're the only one

Ooooh

You're the only one
