

# Angels, Dogs Are Talking

(Brewster-Neeson-Eccles-Spencer-Hilbun-Brown)

Heat's on, heart is burning  
somebody took a desperate chance  
downtown streets of passion  
last rites for a dead romance  
leave the wasteland, time to choose  
crack force is closing in on you  
take a hard line for the last time  
Did you hurt somebody  
did you kill the pain  
did you hurt somebody  
gonna lie alone again  
Long walk, guard the backway  
cool hand as you mark your man  
love in blood, muscle n' money  
shoulder to shoulder, close command  
final stand, daddy don't die  
bullhorn bleeding battle cries  
take a hard line for the last time  
Did you hurt somebody  
did you kill the pain  
did you hurt somebody  
gonna lie alone again
