

Angelzoom, Back in the Moment

I stare into space
I'm in your mind now
I did grieve you somehow
I stare into you
Will you bear more pain?
I know your thoughts
Drive me insane
I close my eyes
Alone in my room
There is no silence in my head
I try to see the truth
The way I loose
We're on the way
Back in the moment now
"Ich seh' in deinem Herz
Deine Gedanken
Ein Blick in deine Welt
Ich fhl' deinen Schmerz
Die Zeit ist verloren
Der Augenblick
der unsere Traume erhalt"
