

# Angie Stone, Green Grass Vapours

[Intro]

Now see you being cool too fast  
I didn't say light that up that quick, shit  
Vapors, here ya go, uh

Green Grass vapors running through my head  
I'm feeling higher than the Thunder Dome  
Green grass vapors  
Green grass vapors  
Green grass vapors, come on

Creepin' on me late at night, hey  
Sets me free just to hold it tight, yeah  
Slender feel, I do love it so, oh  
Shapes the way that my rhythm flows

Green Grass vapors running through my head  
I'm feeling higher than the Thunder Dome  
Green grass vapors  
Green grass vapors  
Green grass vapors, come on

Bloody red is what my daddy said  
When he looked at my eyes at night, yeah  
What we gon' do, you said go  
'cause your eyes are as red as mine

Told my daddy, hey

Green Grass vapors running through my head  
I'm feeling higher than the Thunder Dome  
Green grass vapors  
Green grass vapors  
Green grass vapors, come on

Green Grass vapors running through my head  
I'm feeling higher than the Thunder Dome  
Green grass vapors  
Green grass vapors  
Green grass vapors, come on

Creepin' on me late at night, hey  
Sets me free just to hold it tight, yeah  
Slender feel, I do love it so, oh  
Shapes the way that my rhythm flows

Green Grass vapors running through my head  
I'm feeling higher than the Thunder Dome  
Green grass vapors  
Green grass vapors  
Green grass vapors, come on
