

# Angra, Carry On [5:03]

Angra  
Angels Cry  
Carry On [5:03]  
(Matos)

Simple minded brain  
for now you succumb  
Nothing changes your way  
This world insists to be the same  
based on our mistakes  
The flowers fade along the road  
Don't blindfold your eyes,  
so loneliness becomes the law  
of a senseless life

Follow your steps and you will find  
The unknown ways are in your mind  
Need nothing else than just your pride  
to get there... [go!]

Now we have to face another day  
You won't be alone  
This life is forcing us to stay  
- For how long?  
Cold is the wind and thunder struck  
on a stormy night  
But can't you see, I'm by your side  
We are marching on!...

Follow your steps and you will find  
The unknown ways are in your mind  
Need nothing else than just your pride  
to get there...

So, carry on,  
There's a meaning to life  
Which someday we may find...  
Carry on, it's time to forget  
The remains from the past, to carry on

Follow your steps and you will find  
The unknown ways are in your mind  
Need nothing else than just your pride  
to get there...

So, carry on,  
There's a meaning to life  
Which someday we may find...  
Carry on, it's time to forget  
The remains from the past

So, carry on,  
There's a meaning to life  
Which someday we may find...  
Carry on, it's time to forget  
The remains from the past

Carry on, it's time to forget  
The remains from the past, to carry on  
The remains from the past, to carry on  
The remains from the past...
