Hunters And Prey

[Music: Kiko Loureiro , Rafael Bittencourt, Edu Falaschi and Aquiles Priester]

[Lyrics: Rafael Bittencourt]

Fly from the haze
Jump on the prey
Scaring away
Capture's in vain
Daring the hills
Mountains ahead
Roaming and stare
Lonely again
Perish the heat
Succumbing breath
Last but not least
Die or slay
Hide on the field
Perceiving eyes
Hunting the prey
In paradise
No one is to know
Secrets of your soul
No one knows for sure
Still wonder why
I'm waiting, just waiting
Answers to return
Don't let your dreams deny you
When it's time to learn
I'm standing, I'm waiting
Time has no reverse
Can someone see them falling
Bones will feed the dirt
Hunters and Prey
You got to run away!
