

# Animal Kingdom, Strange Attractor

The light in your eyes  
Well it's pulling me in  
Yeah, it's pulling me in  
A heart that's still speeding up  
And it's coming again  
Yeah it's coming again  
How did it happen?  
How did it come?  
?Cuz it's taking me over

It only comes in waves  
And then it goes away  
Well it must be chemical  
Well it must be chemical  
Well it must be chemical  
Chemical, chemical

The light in your eyes  
Well it's pulling me in  
And it's pulling me in  
Push your arms; lift them up  
And it's coming again  
Yeah, it's coming again  
How did it happen?  
How did come?  
Cuz it's taking me over

It only comes in waves  
And then it goes away  
Well it must be chemical  
Well it must be chemical  
Well it must be chemical  
Chemical, chemical  
Chemical, chemical

And somethings happening  
It's like coming up for air  
Breathe it in again

It only comes in waves  
And then it goes away  
Well it must be chemical  
Well it must be chemical  
Well it must be chemical  
Chemical, chemical  
Yeah it must be chemical
