

# Ann Sophie, Black Smoke (Eurowizja 2015)

When you look at me, you know you're hard to read.  
Because the face I see is not the one I know  
And when you call me baby, what's that supposed to mean  
I don't know who you are, how long can we pretend

See the change I know we both don't have the heart to say  
Can't return to what we were, it will never be the same

Cause you said you'd never let me go  
And I said I can't but now we know that it's  
Too hard to say three words  
Too hard to make it work  
When there's nothing left to talk about  
Cause you know the flame is running out  
Two hearts are left to burn  
Do you know, we're only left with smoke

Black smoke, we're only left with smoke, black smoke

I tried to tell myself, that it's all in my head  
But the truth remains we're just too far apart.  
You know were fooling ourselves if we hold on,  
Cause were fighting for something that we don't want  
Just leave it now and walk away

See the change I know we both don't have the heart to say  
Can't return to what we were, it will never be the same

Cause you said you'd never let me go  
And I said I can't but now we know that its  
Too hard to say three words  
Too hard to make it work  
When there's nothing left to talk about  
Cause you know the flame is running out  
Two hearts are left to burn  
Do you know, we're only left with smoke

Too hard to say three words  
Black smoke  
Too hard to make it work  
We're only left with smoke  
Too hard to say three words  
Black smoke  
Too hard to make it work

Cause you said you'd never let me go no  
Yeah you said you'd never let me go

Cause you said you'd never let me go  
And I said I can't but now we know that it's  
Too hard to say three words  
Too hard to make it work  
When there's nothing left to talk about  
Cause you know the flame is running out  
Two hearts are left to burn  
Do you know, we're only left with smoke

Black smoke  
We're only left with smoke
