

# Anna Jantar, Dancing in Your Arms

Dancing in your arms  
It's good to be  
Lost in all your charms  
It's good to be  
Feeling out of home  
It's good to be  
Don't say our love affair is true  
Must we close the door to happiness  
It's you that I adore, well can't you guess?  
Can't stand any more this loneliness  
Please give me a last rendez-vous!  
Blue the sky and green the grass  
So goes the simple saying  
But who will teach me not to cry  
When I loose everything?  
Dancing In your arms  
It's good to be  
Lost in all your charms  
It's good to be  
Feeling out of home  
It's good to be  
Don't say our love affair is true  
Must we close the door to happiness  
It's you that I adore, well can't you guess?  
Can't stand any more this loneliness  
Please give me a last rendez-vous!  
Blue the sky and green the grass  
So goes the simple saying  
But who will teach me not to cry  
When I loose everything?  
Blue the sky and green the grass  
So goes the simple saying  
But who will teach me not to cry  
When I loose everything?
