

# Anne-Marie, Listen to Soul, Listen to Blues

Why don't I get you  
I listen to soul, baby  
I listen to blues  
Why am I confused  
I listen to soul, baby  
I listen to blues

And every other time  
I was there for you  
And every other time  
I was right on cue  
But I just don't get you

Why don't I get you  
I listen to soul, baby  
I listen to blues  
Why am I confused  
I listen to soul, baby  
I listen to blues

And every other time  
I was there for you  
And every other time  
I was right on cue  
But I just don't get you
