

Anne-Marie, Problems

Anne-Marie I think being in love with you is bad for my health
But I can't see me doing this with no one else, so
Guess I can't be blaming anyone but myself, hey
I know today I called you like a hundred times, but
Yesterday you called me like a hundred and 5
And there's nobody else that I want by my side, hey

On a bad day, still have a great time
Drunk off our face
Listening to red, red wine
We'll be ok
We'll be laugh
And we'll wine
On rainy days you're still my sunshine

We got problems
But I need you
So we, deal with it
Don't trust both of us
But I want ti
So let's deal with it
