

# Anne-Marie, Say You'll Be There

I'm giving you everything  
All that joy can bring, this I swear  
All that I want from you  
Is the promise you, you'll be there, ah

Last time that we had this conversation  
I decided we should be friends, hey yeah  
But now we're going round in circles  
Tell me, will this deja vu never end? Ow

And now you tell me that you've fallen in love  
Well I never ever thought that would be, hey yeah  
This time you gotta take it easy  
Throwing far too much emotions at me

But any fool can see they're falling  
I gotta make you understand

I'm giving you everything  
All that joy can bring, this I swear  
All that I want from you  
Is the promise you, you'll be there

If you put two and two together  
You will see what our friendship is for  
If you can't work this equation then  
I guess I'll have to show you the door

There is no need to say you love me  
It would be better left unsaid

I'll give you everything, on this I swear  
Just promise you'll always be there

I'm giving you everything  
All that joy can bring  
Yes, I swear (yes, I swear)  
All that I want from you  
Is a promise you, you'll be there  
Oh, say you'll be there  
Oh, say you'll be there

Wise men say only fools rush in  
But I can't help falling in love with you

And now you tell me that you've fallen in love  
Well I never ever thought that would be, hey yeah  
This time you gotta take it easy  
Throwing far too much emotions at me

But any fool can see they're falling  
I gotta make you understand

I'm giving you everything  
All that joy can bring  
Yes, I swear (yes, I swear)  
And all that I want from you  
Is a promise you, you'll be there

Oh, say you'll be there  
I'm giving you everything  
All that joy can bring  
Yes, I swear  
All that I want from you

I want you to promise you
