

# Anne-Marie, Stole

[Verse 1]

I don't know why I lay awake at night  
Thinking of you, thinking of you  
Your sweat on the pillow  
What time did you go?  
Wishing on you, wishing for you to come home  
It's not the man I, it's not the man I know  
He wouldn't leave me, wouldn't leave me alone  
Don't know where he, tell me where he's gone  
Gently feeling my

[Chorus]

My heart is stone since you left me here  
And now I'm sleeping in tears alone  
This morning everything was good  
So tell me where it went so bad  
A shadow's laying where you should  
So tell me where you've gone with my heart  
You stole

[Verse 2]

I don't know why you act like you do  
Either way I lose, either way I'm without you  
Those places we used to go, no memories I know  
Now you don't feel the same  
It's not the man I, it's not the man I know  
He wouldn't leave me, he wouldn't leave me alone  
Don't know where he's, don't know where he's gone  
Gently feeling my

[Chorus]

My heart is stone since you left me here  
And now I'm sleeping in tears alone  
This morning everything was good  
So tell me where it went so bad  
A shadow's laying where you should  
So tell me where you've gone with my heart  
You stole

You, you stole [x4]

My heart is stone since you left me here  
And I'm sleeping in tears alone  
This morning everything was good  
So tell me where it went so bad  
A shadow's laying where you should  
So tell me where you've gone with my heart  
You stole
