

Anne-Marie, Used To Love You

[Intro]

(you) (you) (you) (you)
Nobody but
(you) (you)
Nobody but
(you) (you)

[Verse 1]

Do I make you nervous
When I look in your eye
Don't you look away
When I ask you why
Why you ask me to stay
When you wanna go
Dancing with other ladies
While I'm here at home

[Pre-Chorus]

Was it something that I done?
Am I being dumb?
I did nothing wrong
Didn't take to love me
You just straight away
What happened to us?
You don't give a fuck
All about the trust
You were so in love
Ain't that what you said?
Boy I've had enough
Yeah I called your bluff
Lucky you were drunk
And you ended up
Too dosed away
Nearly had me out
Now I gotta go
Didn't see that coming at all

[Chorus]

I used to love (you)
Nobody but (you)
Took me for a (fool)
You won't see no tears
They all dried up yesterday
(you)
Nobody but (you)
Took me for a (fool)
Do I spark the fear that
I'm gonna walk away

[Verse 2]

Say you wanna fix it
You won't tell no more lies
I used to believe that
God help my pride
No I don't wanna talk
Just leave me alone
Wanna see me later
But believe me I'm gone

[Pre-Chorus 2]

Benefit of the doubt
Too many to count
Moving forward now
And I won't get down

With you now in my way
Nothing more to say
Gotta hope and pray
God, I'll be ok
I wanted to make and start a family
But it didn't get that far
Imagine us
Gotta listen to your gut
Cause it's showing you the way
Nearly had me out
Now I gotta go
Didn't see that coming at all

[Chorus]
I used to love (you)
Nobody but (you)
Took me for a (fool)
You won't see no tears
They all dried up yesterday
(you)
Nobody but (you)
Took me for a (fool)
Do I spark the fear that
I'm gonna walk away

[Bridge]
Ooh-ahh-yeah
Ooh-ahh-yeah-yeah
Goodbye, baby
Next time, maybe
(Oo-oo-oo-oo-oo-oo-oo-oo-oo-oo)
(Oo-oo-oo-oo-oo-oo-oo-oo-oo-oo)
Oh what a shame
Now take the blame
(Oo-oo-oo-oo-oo-oo-oo-oo-oo-oo)
(Oo-oo-oo-oo-oo-oo-oo-oo-oo-oo)

[Chorus]
I used to love (you)
Nobody but (you)
Took me for a (fool)
You won't see no tears
They all dried up yesterday
(you)
Nobody but (you)
Took me for a (fool)
Do I spark the fear that
I'm gonna walk away

[Outro]
Yeah used to love you
Nobody but you
You won't see no tears
They all dried up yesterday
Nobody but you
Do I spark the fear that
I'm gonna walk away
