

# Annie Lennox, Wonderful (Sander Kleinenberg's)

I wanna have you  
'Cause you're all I've got  
Don't wanna lose you  
'Cause it means a lot  
All the joy this world can bring  
Doesn't give me anything  
When you're not here  
Idiot me  
Stupid fool  
How could you be  
So uncool?  
To fall in love with someone who  
Doesn't really care for you  
It's so obscure  
But I feel  
Wonderful  
I wanna hold you  
And be so held back  
Don't wanna need you  
But it's where I'm at  
Thinkin' bout you every day  
How come I was made that way?  
It's so surreal  
But I feel  
Wonderful  
Yes, I feel  
Oh, I feel  
Wonderful  
Guy, it makes me be so blue  
Every time I think about you  
All of the heat of my desire  
Smokin' like some crazy fire  
Come on here, look at me, where I stand  
Can't you see my heart burnin' in my hands?  
Do you want me? Do you not?  
Does it feel cold baby? Does it feel hot?  
Does it feel hot? Does it feel hot? Does it feel hot?  
Yes, I feel  
So surreal  
So surreal  
So surreal  
So surreal  
So surreal
