

# ANOHNI, I DON'T LOVE YOU ANYMORE

I don't love you anymore  
It's been a while and I am sure  
You left me for another girl  
You left me in a broken world

You left me lying in the street  
You left me without body heat  
I curled into rust  
My body turned into dust

I couldn't get out of the hole  
I was so lonely, all alone  
When the phone rang, I wasn't there  
When my parents called, I just sat and stared

I went to sleep  
Hoped that my life I could cheat  
Take me off the face of this lonely world  
Let me turn and turn in your love

It's been a while  
and I don't love you anymore

You walked away from me  
Out of the blue and you were free  
I was such a fool  
I gave more to keep things cool  
But if you showed up at my door  
This is what I'd implore

I don't love you anymore  
I don't love you anymore  
You left me in a cage  
My only defense was rage
