

# Anointed, Answer To My Prayers

You are the answer  
You are the answer to my prayer  
You are the answer

Now I know  
You were there all the time  
Those nights I thought no one heard  
You were embracing my every word  
What a shame  
Wish I knew all the while  
That your love could bring me a smile again  
And the hurt would end

Chorus  
Your love has given me  
A warmth that brings me to my knees  
Through kind and desperate times  
I know you're there  
You are the answer to my prayers

There are still times  
I fear I won't make it through  
But just as you always do  
You carry me when I'm too weak to stand  
This is why  
I'll walk with you for all my life  
Cuz you've given me one more reason to live  
To laugh and forgive

Chorus

I want the whole world to find  
This kind of love that brings peace of mind  
No matter where i am  
You always here me pray

Chorus

He's the answer, Jesus is the answer  
For the world today  
He's the answer, Jesus is the answer  
Ohhhh
