Let Me Be Your Fantasy

Over and over I stare at the sea
I'm seeing your river baby
tears on my face, what can it be
I'm facin' the story of you and I

I remember when love used to fly
Take your time,
Dreams take time to become reality

Let me be your fantasy
Deep within your dreams is where I wanna be
Let me be your fantasy
And your fantasy'll be soon reality
I wanna be your fantasy

Never say never, I'm wonderin' why
Is it love when you hurt somebody?
Unspoken words 'n' love's going by
I'm facin' the story of you and I

I remember when love used to fly
Take your time,
Dreams take time to become reality

Let me be your fantasy so
Take me up and down and round and round
Just like a yo-yo
Let me be your fantasy so
Take me up and down and round and round
I wanna be your fantasy
