

Anthony Hamilton, I Did It For Sho

Yeah, I did it
It was time, yeah
Why keep asking me, keep harassing me
All those questions about who and what she means to me
I'm a lucky guy, I found someone that I
Can paint the town, run around, someone to talk with
Such a lucky fit, baby she be it
You wanna know if I've fallen for her, I tell you quickly
Free up some energy 'cause I don't want to let her go
I did it for sho
All the trips abroad, max'd out credit cards
Going down to Mr. Chows
I did it for sho
Meant to let you see, you just can't sleep on me
Another one will come around
I feel we had our chance and it's come to an end
Now you wanna come around, naw girl, go with your friends
We used to love them streets but now I need my sleep
So I can dream of things that you couldn't even see
She's got a vision, so much she put me in it
You wanna know if I've fallen for her, I tell you quickly
Free up some energy 'cause I don't want to do her wrong
I did it for sho
All the trips abroad, max'd out credit cards
Going down to Mr. Chows

I did it for sho
Meant to let you see, you just can't sleep on me
Another one will come around
There comes a time when, when things have to change
And people have to go their separate ways
And you know all the talk Beyonce with, "To the left, to the left"
There's nothing left, not here for you
So I'm putting it all on the line
I'm letting you know I've been spending time
So I need you to spin wheels
And I'll see you when I see you
I did it for sho
All the trips abroad, max'd out credit cards
Going down to Mr. Chows
I did it for sho
Meant to let you see, you just can't sleep on me
Another one will come around
I did it for sho
All the love we had, you took for granted and
You thought I'd never write those vows
I did it for sho
Shouldn't have slept on me, thought I'd be left lonely
We just bought a place across town, town
