Anthony Marc  
Marc Anthony  
Don't Let Me Leave  
how can this be  
though all these years I have been true to thee  
you had the nerve to say you're done with me  
and that I should leave  
girl you're killin' me  
take another day  
before you go and throw it all away  
and if you do I know we'll find a way  
just believe in me  
cuz I'm here to stay

don't let me leave here girl  
cuz if I do I promise I will look the other way  
girl I know you need me by your side  
you don't see it, but I know it  
this is why  
don't let me leave here girl  
just let me tell you why  
you're all I ever needed  
and everything worth fightin' for

before you go and throw it all away  
girl I jus' know that we can find a way  
please believe in me  
cuz I'm here to stay

don't let me leave here girl  
cuz if I do I promise I will look the other way  
girl I know you need me by your side  
you don't see it, but I know it  
this is why  
don't let me leave here girl  
just let me tell you why  
you're all I ever needed  
and everything worth fightin' for
