

Anti-Flag, Red, white and brainwashed

They use the flag to control us
Brainwash us to be their patriotic slaves
Programs our minds by controlling what we learn
The only difference from the nazis is that
Someone tried to stop them
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
The government says they're working for us
Just as long as we increase their pay
But the minute they get into office we're a has-been
A yesterday
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
The red stands for the blood of all the people
We've slain
The white for this racist, bigoted foundation
The blue for your arayan eyes -- all empty
Empty because you're taught to bow down to the man
"Fly that flag, that flag of freedom"
"Do what you can for your country"
Go and fight their wars for them
"They're not following in our footsteps,
Kill them!"
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
They call that being a patriot
I just call it ignorant
If you don't fight to make things better
Then you're the one betraying the country
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
Red, white and brainwashed
