And clench your fist  
And tell me that I'm wrong  
You go on and on. . .  
I want it  
And I need it  
But I don't know how  
One day you'll wake to find me gone

The pain we end tonight

So take it back  
I'm gone  
We work it out  
We scream and shout  
So hard to get along  
You go on and on. . .  
I want it  
And I need it  
But I don't know how  
One day you'll wake to find me gone  
I'll put this mistake behind me  
I know  
I will not let this go
