Apollo Four Forty
Apollo 440
Pain Is A Close Up
Pain is a close up
And happiness a long shot
Pain is a close up
And happiness a long shot

Your consciousness is
The only censorship
Your consciousness is
The only censorship

You wake up
You shut down
You wake up
You shut down

Pain is a close up
And happiness a long shot
Pain is a close up
And happiness a long shot

Love is a virus
It breaks your system from within

Time is a jet plane
My life is burning up
Time is a jet plane
My life is burning up

Pain is a close up
And happiness a long shot
Pain is a close up
And happiness a long shot

You wake up
You shut down
