

Apollonia, Sex Shooter

I need you to get me off
I'm your bomb getting ready to explode
I need you to get me off
Be your slave do anything I'm told
I'm a sex shooter
Shootin' love in your direction
I'm a sex shooter
Come on, play with my affections
Come on, kiss the gun
I need you to pull my trigger, baby
I can't do it alone
I need you to be my main thing
Play thing pillar of stone
I'm a sex shooter
Shootin' love in your direction
I'm a sex shooter
Come on, play with my affections
Come on, kiss the gun
Come on, kiss the gun, guaranteed for fun
Sex shooter
Shootin' love in your direction
I'm a sex shooter
Come on, play with my affections
Listen Boys
No girls body can compete with mine
No girls rap can top my lines
No girls kiss can ring your chimes
Come on boy, let's make some time
I'm a sex shooter
Shootin' love in your direction
I'm a sex shooter
Come on, play with my affections
Come on, kiss the gun
Come on, kiss the gun, guaranteed for fun
Come on, kiss the gun, guaranteed for fun
Come on, kiss the gun, guaranteed for fun
Come on, kiss the gun, guaranteed for fun
Sex shooter, sex shooter, sex shooter, sex shooter
Blow me away, come on kiss the gun
Apollonia
No girls body can compete with mine
No girls rap can top my lines
No girls kiss can ring your chimes
Come on boy, let's make some time
Sex shooter, sex shooter
Sex shooter, sex shooter
Come on, kiss the gun
Sex shooter
Shootin' love in your direction
I'm a sex shooter
Come on, play with my affections
Everybody's singin'
Sex shooter
Shootin' love in your direction
I can't hear you
Sex shooter
Come on, play with my affections
All the nasty people singing
Sex shooter
Shootin' love in your direction
Baby, everybody
Sex shooter
Come on, play with my affections
