

# Apostle Of Hustle, Eazy Speaks

Keep your friends close, your enemy closer  
A kiss on the cheek from a punk-ass poser  
Ah, head is in his arm.

Pay back time, I come and deliver  
I'm a golden handed unicorn killer  
There's bounty, bounty on that horn.  
Turn up the sun and things get frantic  
Alone in the dark a celebrity panics  
A rainbow, rainbow's turning black.

Easy in my ear, I'm feeling the suction  
Kids are in the field with murderous action  
Easy puts the weapon in my hand.

Easy speaks to me  
(So step forward)

Easy speaks to me  
(Little warlord)

Easy speaks to me  
(So step forward)

Easy Speaks to me  
(Little warlord)

I drink rain and piss out acid  
Cornflake kid befalls the flaccid  
You're weak, got no self-control  
I dropped that girl under the alter  
That I knew was weird, she wanted a halter  
To ride 'cross the purple sky.

Easy speaks to me  
(So step forward)

Easy speaks to me  
(Little warlord)

Easy speaks to me  
(So step forward)

Easy Speaks to me  
(Little warlord)

Easy speaks to me  
(Easy) Easy (Easy) Easy (Easy) Easy

Easy speaks to me  
(Easy) Easy (Easy) Easy (Easy) Easy

Easy speaks to me  
(Easy) Easy (Easy) Easy (Easy) Easy

Easy speaks to me
