

# Aqualung, Falling Out Of Love

I watch the sun  
See it rise and fall  
Waiting for something to change  
I get through the day  
Hope to turn things around  
Seems like

I'm falling out of love

Feeling alone  
With you by my side  
Further and further away  
Funny how long  
A moment can seem  
When you're trying to hold on  
Feels like

I'm falling out of love
