Babe, I think I love you
Honey, should I tell you?
should I tell you?
What else could I do
Maybe I am crazy
Maybe I am crazy, but I want you
How I want you
I got to tell you I got this feeling
I got to tell you I got this feeling
For you, just for you
And I know that it's true 'cause you make it good
I got to show you, how I love you
I got to hold you, cause I'm lost without you
without you
I was lost before I saw you
before I saw you
Babe, I think I love you
Honey, should I tell you?
should I tell you?
What else could I do
Maybe I am crazy
Maybe I am crazy, but I want you
How I want you
I got to tell you I got this feeling
I got to tell you I got this feeling
For you, just for you
And I know that it's true 'cause you make it good
I got to show you, how I love you
I got to hold you, cause I'm lost without you
without you

I was lost before I saw you
before I saw you
