

Arcade Fire, Everything Now

I'm in the back again
Can't make it back again
We can just pretend
We'll make it home again
From everything now

Every inch of sky's got a star
Every inch of skin;s got a scar
I guess that you've got everything now
Every inch of space in your head
Is filled up with the things that you read
I guess you've got everything now

And every film that you've ever seen
Fills the space up in your dreams
That reminds me

Every inch of road's got a sing
And every boy uses the same line
I pledge allegiance to everything now
Every song that I've ever heard
Is playing at the same time
It's absurd

And it reminds me
We've got everything now
We turn the speakers up till they break
Cause every time you smile
It's a fak!
Stop pretending
You've got...

Everything now
I need
Everything now
I want
Everything now
I can't live without you
Everything now
I can't live without you
Everything now
Everything now
Everything now
