

Arch Enemy, War Eternal

Friend or foe, there's no way to know
In the battlefield of life it's kill or be killed
So many times it's a matter of degrees
From being up on your luck to down on your knees

It's a hellish inferno
This is war eternal

They try to change you, crush and break you

Try to tell you what to do
They love to have control of you
Back against the wall
In danger of losing it all
Search deep inside
Remember who you are

It's times like these when lines are drawn
Which side of the fence are you swinging on?
There will come one day not so far away
When the hunter becomes the prey (and you will pay)

It's a hellish inferno
This is war eternal

They try to change you, crush and break you

Try to tell you what to do
They love to have control of you
Back against the wall
In danger of losing it all
Search deep inside
Remember who you are

This is fucking war!

They try to change you, crush and break you

Try to tell you what to do
They love to have control of you
Back against the wall
In danger of losing it all
Search deep inside
Remember who you are
