

# Architects, Every Last Breath

After all is said and done  
I'm left with reflections of your eyes haunting my mind  
So dead inside, what good came out of this?  
I was the one that tore you down  
I'm down yet oh so guilty  
Every last breath I have is yours to keep  
This constant cloud is watching over me  
I wish I had the time to make you see this through  
We've been here too many times  
I've felt like this too many times  
Oh god, I am this I'm dead inside, looking out for you  
And your final words I was the one that tore you down
