## Ariana Grande, 34+35

You might think i am crazy the way i've been craving If i put it Quite plainly Just give me tchem babies

So what you doing tonight Better say doing you right Watching movies But i ain't seen a thing tonight

I don't wanna keep you up But show me can you keep it up Cause then i'll have to keep you up Shit maybe i'mma keep you up, boy

I been drinking coffee And i been eating healthy You know i keep it squeky Saving up my Energy

Can you stay up all night Fuck me to the daylight 34+35 Can you stay up all night Fuck me to the daylight 34+35

You drink it just like water You say it taste like Candy So what you doing tonight? Better say doing you right

So what you doing tonight Better say doing you right Watching movies But i ain't seen a thing tonight

I don't wanna keep you up But show me can you keep it up Cause then i'll have to keep you up Shit maybe i'mma keep you up, boy

I been drinking coffee And i been eating healthy You know i keep it squeky Saving up my Energy

Can you stay up all night Fuck me to the daylight 34+35 Can you stay up all night Fuck me to the daylight 34+35

Baby you might need a seatbelt
When i ride it
I'mma leave it open
Like a door
Come inside it
Even though i am wifey
You can bit it like a side chick
Don't need no side dick, no
Get neightbors yelling earthquake

4,5 when i make the bed shake Put it down heavey evey Though it's lighweight

We starte dat midnight Go til the sunrise Done in the same time But who's countings He time when we got it for life

I know all your favourite spots We can take it from the top You such a dream come true, true Make that bitch hit snooze

Can you stay up all night Fuck me to the daylight 34+35 Can you stay up all night Fuck me to the daylight 34+35
