

# Ariana Grande, Better Days (feat. Victoria Monet)

[Victoria Monet & Ariana Grande]

Baby, there's a war right outside our window  
(Don't you hear the people fighting for their lives...?)  
Baby, there's a war right outside our window  
But it's gon' be alright 'long as I got you with me...

In your arms, I find my shelter  
Deep in your love, I will hide  
Baby, you and me stop the world when we're together  
You find a way to take my mind

[Chorus 1: Victoria Monet + Ariana Grande]

Hoping for better days, better days  
Days where things are better  
Hoping for better days, better days  
Need some better days  
Hoping for better days, better days  
Days where things are better  
Hoping for better days, better days  
Need some better days...

I can hear the sirens right outside our window  
And I can hear the children crying while their mothers cry  
I'm praying for the people right outside our window  
Hoping they find peace at night, just like you and me

In your arms, I find my shelter  
Deep in your love, I will hide  
Baby, you and me stop the world when we're together  
You find a way to take my mind

Hoping for better days, better days  
Days where things are better  
Hoping for better days, better days  
Need some better days  
Hoping for better days, better days  
Days where things are better  
Hoping for better days, better days  
Need some better days

So how we gonna stop the violence, stop the hurting?  
Stop the hatred, stop the murders  
We're all human, that's for certain  
Come together, we deserve it  
What kind of life will our babies have if we don't change up and make it last?  
It starts right here, starts right now  
We'll love and hope for...

Better days, better days  
Days where things are better  
Hoping for better days, better days  
Need some better days  
Hoping for better days, better days  
Days where things are better  
Hoping for better days, better days  
Good ol' better days

(Better days, oh, yeah, better...)
