

# Ariana Grande, Cadillac Song

Riding 'round in my Cadillac  
Thinking 'bout the day that I first saw you  
Nothing compares to what we had, baby that won't change  
I want you babe, I still want you baby, I still want you, you

Summer days with my honey  
Worrying about nothing  
Back in the day when things were easier than a breeze  
Who knew that kiss was the last one  
I never thought we would change  
Baby, I'm missing you

Are we should have been forever but we fell apart  
Might have separated but you took my heart  
Always knew I wasn't really over us  
Sometimes I catch myself

Riding 'round in my Cadillac  
Thinking 'bout the day that I first saw you  
Nothing compares to what we had, baby that won't change  
I want you babe, I still want you baby, I still want you, you

Memories last forever, so how could I just forget  
Made everything from nothing cause time was always spent

Are we should have been forever but we fell apart  
Might have separated but you took my heart  
Always knew I wasn't really over us  
Sometimes I catch myself

Riding 'round in my Cadillac  
Thinking 'bout the day that I first saw you  
Nothing compares to what we had, baby that won't change  
I want you babe, I still want you baby, I still want you, you
