

# Ariana Grande, Give It Up (feat. Elizabeth Gillies)

Liz:

Someday I'll let you in  
Treat you right  
Drive you out of your mind

Ari:

You never met a chick like me  
Burnt so bright  
I'm gonna make you blind

Both:

Always want  
What you can't have  
But is it so bad  
If you don't get what you wanted

Make you feel good  
As I'm with you  
Let me shape you  
Boy let's get it started

Give it up  
You can't win  
Cause I know  
Where you've been  
Such a shame  
You don't put up a fight

It's a game  
That we play  
At the end of the night  
It's the same old story  
But you never get it right  
Give it up

Come a little closer baby, baby  
Come a little closer  
Come a little closer baby, baby

Liz:

So stop trying to walk away  
No you won't never leave me behind

Ari:

You better believe that I'm here to stay  
Cause you're the shade and I'm the sunshine

Both:

Look at me boy  
Cause I got you  
Where I want you  
Isn't it so exciting?

Wanna shake you  
Wanna break you  
Take the back seat boy  
Cause now I'm driving

Give it up  
You can't win  
Cause I know  
Where you've been  
Such a shame  
You don't put up a fight

It's a game  
That we play  
At the end of the night  
It's the same old story  
But you never get it right  
Give it up

Come a little closer  
Come a little closer baby, baby /x3

Yeah you are my baby  
And I'll make you crazy tonight

Look at me boy  
Cause I got you  
Where I want you  
Isn't it so exciting?

Wanna shake you  
Wanna break you  
Take the back seat boy  
Cause now I'm driving

Give it up  
You can't win  
Cause I know  
Where you've been  
Such a shame  
You don't put up a fight

It's a game  
That we play  
At the end of the night  
It's the same old story  
But you never get it right  
Give it up
