

Ariana Grande, Hands On Me (feat. A\$AP Ferg)

Keep your hands on me
Don't take them off until I say so
Let me break you off
We'll be taking off
Or maybe making love
You just keep your eyes on my you know what

Trembling, when you touch
Rush is racing body baking
Picture me and you making
Making sweet love
Baby give it to me

Eyes on me, dance on me tonight
Your all, all on me
Keep your hands on me

Don't take them off
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Don't take them off
Put your hands on me
You can put your hands on me
If you like what you see
Baby put your hands on me

It's your birthday
Every day with me
And my maker hard rock A\$AP
It's your birthday
Every day with me
And my maker hard rock ASAP

Skirt off keep da high heels on
Might be a little thing but I like that long yeah
Don't let these eyes foll ya
I can take it, hold nothing back, give it to me

Eyes on me, dance on me tonight
Your all, all on me
Keep your hands on me

Don't take them off
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Don't take them off
Put your hands on me
You can put your hands on me
If you like what you see
Baby put your hands on me

It's your birthday

Every day with me
And my maker hard rock A\$AP
It's your birthday
Every day with me
And my maker hard rock A\$AP

Can I, can I, can I please put my hand on it?
Shaking like they're burning, lemme put a fan on it
Bumblebee got a parachute to land on it
Cause you got the cake, can I put my candle on it?

It's your birthday
Every day with me
And my maker hand rock A\$AP
Got me talking marriage
I like what I see
And might put a ring on it
Work a B and Jay-Z
But before I do that let me put a hand on it
Oh so hot I could catch a tan on it
Got me sweating so much we can swim on da dancefloor
We gon have to mess around and put a damn on it
Damn on it

Don't take them off
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Put your hands on it
Don't take them off
Put your hands on me
You can put your hands on me
If you like what you see
Baby put your hands on me
