

Ariana Grande, Higer

(Hahaha) lalala uhuh
Been runnin' 'round in circles
Tryin' to find the end (end)
Bumped into this shy guy
While chillin' with my friends (friends)
He's eyein' me, his eyes on me
Makes my body weak
He's bringing out the freak in me
It's only been a minute
Since you came in, and changed my li-ife
When I get around you, I feel this spark igni-ite
I got that fire, you got me open
You dig it deeper, we take it higher x2
Crazy what we're doin'
Livin' lettin' go
Ridin' havin' good times
And no one has to know
He's eyein' me, his eyes on me
Makes my body weak
He's bringing out the freak in me
It's only been a minute
Since you came in, and changed my li-ife
When I get around you, I feel this spark igni-ite
I got that fire, (fire) you got me open (you got me)
You dig it deeper, we take it higher x2
We got that jam, make them dance
Make them lose their mi-i-i-i-inds x4
I got that fire, (fire) you got me open (you got me)
You dig it deeper, we take it higher x4
