

# Ariana Grande, Just For Now

Just for now (x6)

How did you know?  
It's what I always wanted,  
You can never have too many of these  
Will ya quit kicking me under the table?  
I'm trying, will somebody make her shut up about it?  
Can we settle down please?

It's that time of year,  
Leave all our hopelessnesses aside (if just for a little while)  
Tears stop right here,  
I know we've all had a bumpy ride (I'm secretly on your side)

Lie down  
Deep breaths  
Count to ten  
Nod your head

I think something is burning,  
Now you've ruined the whole thing  
Muffle the smoke alarm  
Whoever put on this music  
Had better quick, sharp, remove it  
Pour me another  
Oh, don't wag your finger at me

It's that time of year,  
Leave all our hopelessnesses aside (if just for a little while)  
Tears stop right here,  
I know we've all had a bumpy ride (I'm secretly on your side)

Will ya get me outta her, get me outta here, get me outta here  
Just for now
