

# Ariana Grande, Knew Better

[Part I: Knew Better]

[Verse 1]

Say you could turn me on  
Boy, but that's about it  
You can say what you wanna  
But I wouldn't believe it  
You could write all them songs  
That's the game that you play  
Tryna right all them wrongs  
But you can't make me stay

[Pre-Hook]

'Cause I, see right through you, boy  
And I, I ain't feeling you no more  
I ain't feelin' you no more

[Hook]

If you knew better  
Boy, you would do better  
Can't nobody love you there like I do  
Baby, I could do better  
Boy, if you knew better  
You would do better  
Baby, if you love me like I love you  
Maybe we could be together  
'Cause ain't nobody like me, ain't nobody like me  
Ain't nobody like me, ain't nobody like me  
Ain't nobody like me [x6]

[Verse 2]

You make a mistake, you better learn from it  
Play with tea, you get burned from it  
My daddy always told me if he makes you cry, he ain't the one  
You better run from it  
Used to get to me mentally  
I don't fuck with your energy  
If you knew better, you would do better  
But you don't know shit, so I'll do better  
Got a new 'do, and some new shoes  
Just to go with my new boo  
Loving me like he used to  
And I ain't even worried 'bout it this time  
I know he gon' be the one to treat me just right  
Never had a motherfucker this tight  
So baby this is what your soulmate looks like  
I look good, right?

[Hook]

If you knew better  
Boy, you would do better  
Can't nobody love you like I do  
Baby, I could do better  
Boy, if you knew better  
You would do better  
Baby, if you love me like I love you  
Maybe we could be together  
'Cause ain't nobody like me, ain't nobody like me  
Ain't nobody like me, ain't nobody like me  
Ain't nobody like me [x5]

[Part II: Forever Boy]

[Verse 1]

Never been with a boy more than six months  
I couldn't do it, got too used to it  
Ain't nobody ever kept my attention  
They couldn't do it, yeah, boy, they blew it

[Pre-Chorus]

But you showed me what it means to be happy ever after  
In love forever  
And you gave me the key to all your love and all your pleasure  
Boy, I'm a treasure

[Chorus]

Oh, be forever mine, you and I  
Oh, be forever mine, boy, all the time  
You're my forever, boy [x4]

[Verse 2]

Been friends for a minute  
That's why you know just what I like  
You know my mind  
You done seen boys come and go  
So you know what makes me cry  
So you just wanna treat me right

[Pre-Chorus]

But you showed me what it means to be happy ever after  
In love forever  
And you gave me the key to all your love and all your pleasure  
Boy I'm a treasure

[Chorus]

Oh, be forever mine, you and I  
Oh, be forever mine, boy, all the time  
Mine, time [x2]  
You're my forever, boy [x5]
