

Ariana Grande, Love Language

I know you're probably thinking
what's the use
I promise it's the little things that you do
That make me want to give it all to you
You know I do, babe

You soothe me
You hold it down with every word you speak
Baby, it's been a minute since
I had something so sweet

If you gonna keep speaking my love language
You can talk your shit at all night
Yo the meditation when i am feeling anxious
That's the kind of shit i like
Teach me how to love
I am unlearning what ain't right
I want you to keep speaking my love language
Baby talk your shit all night
