Ariana Grande, Love Language

I know you're probably thinking what's the use I promise it's the little things that you do That make me want to give it all to you You know I do, babe

You soothe me You hold it down with every word you speak Baby, it's been a minute since I had something so sweet

If you gonna keep speaking my love language You can talk your shit at all night Yo the meditation when i am feeling anxious That's the kind of shit i like Teach me how to love I am unlearning what ain't right I want you to keep speaking my love language Baby talk your shit all night
