

Ariana Grande, main thing

You on your way
It's Friday night
Hear the rain outside
Its rose on ice
Candlelight and i am feeling nice
Anything you like boy, you knwo it's on me
Been a minute since i tasted something so sweet

Always pull up when i call you
Call you
Yeah, yo unever keep me waiting
Waiting
Get me tripping i adore you
I adore you
Oh, baby

You, you're really different baby
Yo , you might be the main thing baby

It's time to go tak it nice and slow
Tip toe to the bedroom
Looking at me like when it's cold
You gon keep me warm
All i wanna do is sped mu time with you
Even when the learnings done
And nothings new

Always pull up when i call you
Call you
Yeah, yo unever keep me waiting
Waiting
Get me tripping i adore you
I adore you
Oh, baby

You, you're really different baby
Yo , you might be the main thing baby
You, you're really different baby
Yo , you might be the main thing baby
