

Ariana Grande, My Hair

I'mma give you some instructions
That you can't be scared to try
I want you to touch it softly
Like the way you do my mind

It's got body and it's smooth to touch
He same way as my skin
Don't you be scared

To run your hands through my hair
Baby cause that's why it's there
Come run your hands through my hair
Baby, don't be scared
So Come run your hands through my hair
