

Ariana Grande, Safety Net (feat. Ty Dolla Sign)

You know you're really something, yeah
How'd we get here so damn fast?
Only you can tell me that
Baby 'cause you know I'm coming back

You're making me forget my past
Never through i'd feel like that again
I came to peace whit my path
Now you got me off track

I've never been this scared before
Feelings i just can't ignore
Don't know if i should fight or fly
But i don't mind
