

# Ariana Grande, Shut Up

My presence sweet and my aura bright  
Diamonds good for my appetite  
Guess it fucking just clicked one night  
All them demons helped me see shit differently  
So don't be sad for me

How you been spending your time?  
How you be using your tongue?  
You be so worried bout mine  
Can't ever get yourself none

You know you sound so dumb  
You know you sound so dumb

So many you should shut up  
Yeah, many you should shut up  
Said, if only you would shut up  
Yeah, that's right you should shut up
