

Ariana Grande, worst behavior

I been on my worst behavior
But baby, i don't need no savior
I am way outta line
But i kind of like the way i
Feel whne i just don't give a fuck
And i forgot to mention
I'll be there in 5

We don't really need to talk too much
Show each other what we know
I got other ways to catch you up
Couldn't do it on th ephone
So can you keep it secret?

This ain't no game
Won't play witcha
This time i know i'll stay witcha
Just promise you won't say nothin'
Don't you be acting like that
Don't you be acting like that babe
No phone
No pics
No postin us
This love just ain't disposable
Just kee what's yours
Don't run from it
Don't you be acting like that
Don't you be acting like that

Said baby it's just in my nature
To be a little troublemaker
So wrong but so right
Know you really llike the way i
Taste when we kiss, you reminisce
But this ain't the last time
Just stay by my side

We don't really need to talk too much
Show each other what we know
I got other ways to catch you up
Couldn't do it on th ephone
So can you keep it secret?

This ain't no game
Won't play witcha
This time i know i'll stay witcha
Just promise you won't say nothin'
Don't you be acting like that
Don't you be acting like that babe
No phone
No pics
No postin us
This love just ain't disposable
Just kee what's yours
Don't run from it
Don't you be acting like that
Don't you be acting like that
