

Armia, Green

Waiting for another misery
Waiting for another stupidity
Hey I love you son
Hey I need it after all
Hey I love you son
Hey I need it after all
All right
Waiting for tomorrow never knows
Waiting for tomorrow it is gone
Hey I love you son
Hey I need it after all
Hey I love you son
Hey I need it after all
All right
I'm so green
I'm so green
Waiting for disaster of my days
Waiting for destruction of my ways
Hey I love you son
Hey I need it after all
Hey I love you son
Hey I need it after all
All right
I'm so green
I'm so green
