

ArrDee, No Biggie

(It's Tekky)

Ha, ha, ha, ArrDee, ArrDee

Ayy, ah

It's like anywhere I step, they all wanna roll wimme
They didn't wanna know when I was broke, no biggie
The litty little bloke from the ocean city
She looking pretty, pretty, getting jiggy, jiggy, jiggy

Shawty isn't silly, she know where the vibes at
My pad, where we gonna slide back
No other guys, but she doesn't mind that
Climax, finishing with dizzy

It's like anywhere I step, they all wanna roll wimme
They didn't wanna know when I was broke, no biggie
The litty little bloke from the ocean city
She looking pretty, pretty, getting jiggy, jiggy, jiggy

Shawty isn't silly, she know where the vibes at
My pad, where we gonna slide back
No other guys, but she doesn't mind that
Climax, finishing with dizzy

Hit her with the finisher, made her do the pedigree
Always with a pretty one, never sipping Hennessy
Always with a Vossy or a Roccy, get it popping if I'm bopping
She be topping it all sloppy to the melody, badder than a felony
Go, go, go darlin'
She let me pour it straight down her throat, no stalling
'Cause we ain't hitting no mixer and we ain't into no mix up
Cuh we see the bigger picture, why? She buss it
She said she never do this so I must be lucky
Or maybe it's the energy that got her buzzing
But I don't give a shit because I know I done it
I don't even smoke weed but you go girl, bun it
I just hit it like a bunny
You do what you like, you ain't ever gotta worry 'round me
Fucking up my new Ralphie, but she smooth and clean
So I'm sweet, that's why it's like

Anywhere I step, they all wanna roll wimme
They didn't wanna know when I was broke, no biggie
The litty little bloke from the ocean city
She looking pretty, pretty, getting jiggy, jiggy, jiggy

Shawty isn't silly, she know where the vibes at
My pad, where we gonna slide back
No other guys, but she doesn't mind that
Climax, finishing with dizzy, for really (For really)

She wanna play a game, getting everybody waved
I forgot her name but we playing truth or dare
Naughty little girl, I swear
She just took her clothes off in the room right there
Didn't even care and I didn't even stare
When you're rolling round here, that's some normal antics
She's on bad, bad badness
Little acrobatic, she can do a black flip and land straight on it
She don't give a damn 'bout the plan, ain't bothered
And she kinda sound like Catherine Tate
Only right I hit it with my mate, wasn't meant to 'ave it late
We had work the next day, but we here now, fuck it
I'm tired darling, turn around, it's my turn, suck it

I ain't looking at my guy, no eyes, just spudding
See her eyes getting fluttered, but I like when she's blushing
I'm a wrongen but still it's like

Anywhere I step, they all wanna roll wimme
They didn't wanna know when I was broke, no biggie
The litty little bloke from the ocean city
She looking pretty, pretty, getting jiggy, jiggy, jiggy

Shawty isn't silly, she know where the vibes at
My pad, where we gonna slide back
No other guys, but she doesn't mind that
Climax, finishing with dizzy
