

# Arsonists, Worlds Collide

What is it really  
That's going on here  
You've got your system for total control  
So is there really anybody out there  
Now watch us suffer cause we can't go  
What is it really that is in your head  
What little life that you had just died  
I'm gonna be the one that's takin over  
Now this is what it's like when worlds collide

Are you ready to go  
Cause I'm ready to go  
What you gonna do baby baby  
Are you going with me  
Cause I'm going with you  
It's the end of all time

What is it really that motivates you  
The need to fly or this fear to stop  
I'll go along for the ride but surprise  
When we get there I say 9 of 10 drop  
Now who's the light and who is the devil  
You can't decide so I'll be your guide  
And one by one they will be hand chosen  
Now this is what it's like when worlds collide

[chorus]

What is it really when they're fallin over  
Everything that you thought is denied  
I'm gonna be the one that's takin over  
Now this is what it's like when worlds collide
